(Registration can be renewed annually or Registration may be cancelled prior to this date. To determine whether a product is currently registered check the APVMA website [www.apvma.gov.au] under Search PUBCRIS for Registered Chemicals)

Approval Number(s) of Labels: **65290/50641**

Pack Size(s): **200g, 250g, 500g**

Conditions of Product Registration:

1. This product can only be supplied in a container that must:
 - (a) be impervious to, and incapable of chemical reaction with, its contents when under conditions of temperature and pressure that are likely to be encountered in normal service; and
 - (b) have sufficient strength and impermeability to prevent leakage of its contents during handling, transport and storage under normal handling conditions; and

- (c) if it is intended to be opened more than once - be able to be securely and readily closed and reclosed; and
- (d) have sufficient excess capacity to prevent it from breaking if its contents expand during handling, transport or storage; and
- (e) enable all or any part of its contents to be removed or discharged in such a way that, with the exercise of no more than reasonable care, the contents cannot:
 - (i) harm any person; or
 - (ii) have an unintended effect that is harmful to the environment.

Conditions of Label Approval:

1. The approved label affixed to containers must be supplied with a Date of Manufacture and Batch Number and where:

- (a) The Date of Manufacture and Batch Number must be either printed on the container or affixed by way of a sticker to either:
 - (i) the base of the main or ancillary panel of the approved label; or
 - (ii) to the container.

The Date of Manufacture and Batch Number must comprise of numbers or letters, or a combination of numbers and letters and be in English.

- (b) Suitable prefixes may be used for the Date of Manufacture and Batch Number. These must be distinguishable from one another. For example, Date of Manufacture may include the prefix 'DOM', and Batch Number the prefix 'BN'. These details must be presented on the label or container (in accordance with (a) above) adjacent to one another and not in a position to be confused with any other numerical codes.

2. The label affixed to containers must comply with any statutory conditions of label approval that are at any time prescribed by the Agvet Code Regulations 1995 for the purposes of paragraph 23A(1)(a) of the Agvet Code.

3. The label affixed to containers must:

- (a) comply with the requirements of the Ag Labelling Code or Vet Labelling Code as relevant to the product and published in the APVMA Manual of Requirements and Guidelines (MORAG), or otherwise, any prescribed APVMA Labelling Standard, whichever is in effect at the time;
- (b) not contain any information inconsistent with the relevant particulars for label approval as defined by section 3 of the Agvet Code that have been determined by the APVMA.
